

SUBJECT

English

WHY THIS SUBJECT IS IMPORTANT

All students will become critical and enthusiastic readers and writers, confident verbal communicators and attentive listeners ready to fulfil their potential beyond Worthing High School.

WHAT WE WANT TO ACHIEVE

In English we build upon the knowledge of vocabulary, key terminology and literary concepts in order for students to develop their skills of inference, analysis and on to evaluation. We want all students to be able to voice their views in a coherent and confident way both verbally and in writing, evidencing this through their reading experiences,. We aim for our students to gain further knowledge of ambitious vocabulary, the craft of original writing and objectively viewing different perspectives through the exposure to a broad range of texts.

WHAT YOU WILL LEARN IN YEAR 7

Introduction to English
Bone Talk - book study
Hocus Pocus - language and structure study of magic inspired literature
Introduction to Shakespeare - A Midsummer Night's Dream
Going Global - Study of poetry from around the world
