

SUBJECT

Music

WHY THIS SUBJECT IS IMPORTANT

The Music department at Worthing High School aims for students to acquire and develop performing, creative and listening skills whilst promoting a passion for Music in all its forms. Through working together in ensembles or as solo musicians students will build their communication and cooperation skills. Music students will develop traditional and technological musical skills ready for employment in the music industry or as a lifestyle/wellbeing choice.

WHAT WE WANT TO ACHIEVE

To challenge pupils' perceptions of their musical skills, tastes and preferences, engaging with diverse styles and genres from around Great Britain and the wider world. To develop their creative thinking and teamwork skills, through pair, small group and whole class workshops and performances. To describe, explain and evaluate how the elements of music are utilised and manipulated to create a variety of musical styles and products.
