

College Open & Taster Events – Spring Term 2026

During the Spring term, there is normally several open events for Year 11 students as they finalise their selections for their Post 16 applications, albeit that several colleges/6th forms may have closed their applications. Year 10 students are usually more than welcome to attend these as well, as they begin to consider their Post 16 options

We will update these details if and when we receive notifications from the Centres, however, we strongly recommend that parents/carers and students also visit the individual websites of any institutions they are considering, to ensure they have the most up-to-date information and event booking details.

Taster Events are normally attended by just the student and provide a taster of a subject(s) they may be interested in studying whereas Open events are usually a chance for Students, parents/carers to take a look around the whole setting.

Parents & Carers are reminded that all requests for absence to attend any of these events during school time should please be submitted to office@worthinghigh.net
