

College Open & Taster Events – Summer Term 2026

During the Summer term, several Post 16 centres will hold Taster events for Year 10 students as they begin to consider their options and these often enable the student to spend a day with that college as they begin their selection process. Please see the highlighted note below regarding absence, as these events are usually held during school time.

We will update these details if and when we receive notifications from the Centres, however, we strongly recommend that parents/carers and students also visit the individual websites of any institutions they are considering, to ensure they have the most up-to-date information and event booking details. Taster Days and Open events will normally require online bookings.

Taster Events are normally attended by just the student and provide a taster of a subject(s) they may be interested in studying whereas Open events are usually a chance for Students, parents/carers to take a look around the whole setting.

Parents & Carers are reminded that all requests for absence to attend any of these events during school time should please be submitted to office@worthinghigh.net
