College Open & Taster Events – Autumn Term 2026

During the Autumn term, most, if not all Post 16 centres will be offering Open events for students, parents and carers to take a look around their centre and enable students to gain a really clear idea of what each has to offer them as they prepare for applications to commence, for a September 2027 start.

We will update these details if and when we receive notifications from the Centres, however, we strongly recommend that parents/carers and students also visit the individual websites of any institutions they are considering, to ensure they have the most up-to-date information and event booking details. Taster Days and Open events will normally require online bookings.

Taster Events are normally attended by just the student and provide a taster of a subject(s) they may be interested in studying whereas Open events are usually a chance for Students, parents/carers to take a look around the whole setting.

Parents & Carers are reminded that all requests for absence to attend any of these events during school time should please be submitted to office@worthinghigh.net
